

ACCOMMODATION WITH FAMILIES

WHY STAY WITH A FAMILY?

Staying with a family can be a unique experience and provides the chance to surround yourself in our culture and traditions.

We strongly advise our students to choose this type of accommodation for their stay as it helps us provide them with the highest level of linguistic and cultural immersion possible.

WHAT ARE OUR FAMILIES LIKE?

The families that provide our students with accommodation are subject to a very strict selection process. The majority of the accommodation is located near to the Faculty buildings where our courses are taught. They are middle-class families that live in old houses in the historic centre of Cadiz.

All the families that provide our students with accommodation already have several years of experience living with students. This type of accommodation is a good way to apply what is learnt in the classroom to everyday situations.

MORE DETAILS:

Room: Students can choose whether to have a single room or a double room shared with another student.

Laundry: This can be done once per week.

Meals: Students are provided full board (breakfast, lunch and dinner). This provides them with the chance to discover the typical cuisine of Cadiz and southern Spain in general.

Universidad de Cádiz

Centro Superior de Lenguas Modernas

Vicerrectorado de Posgrado y Formación Permanente

REGISTRATION:

Once an application is made, the accommodation service will get in touch with the student to find out more about their habits, tastes and interests. This information will help select the most suitable family, thus ensuring that the living experience and integration is as beneficial as possible.

BEFORE THE STUDENT ARRIVES, they will be sent all the information they need about the host family and photographs of the accommodation, as well as other details such as contact information.

Once the student has settled in, the accommodation service will be available THROUGHOUT THEIR STAY to help and guide them on whatever is needed.
